Hassan Anvari PE

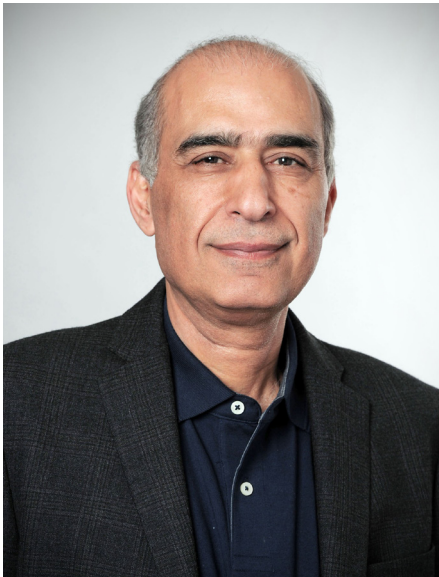

TBUP Barracks Renovations

New Hope Medical Office Building

SOF Group Headquarters

Chief Operating Officer, Construction - Mr. Anvari has almost 40 years' experience in program and project management, construction, design and engineering. As Director of the EDT Construction Group, Mr. Anvari ensures that all project commitments are realized and met for our extensive Design-Build portfolio, our new P3 initiatives and traditional project delivery methods. He and his team's responsibilities include procurement of materials and subcontractors, programming, building system selection, review bid documents, preparing bid documents, coordinating engineering disciplines, cost control and value engineering, award of contracts to general contractors, construction observation, technical inspections, conducting progress meetings, managing and negotiating change orders, ensuring construction activities comply with contract documents and specifications as well as assisting the owner in preparing expenditure summary reports.
